

Forum for History of Human Science (FHHS) Membership Form

Welcome to FHHS! We are delighted that you are interested in joining the Forum.

Our main activities center around the annual meeting of the History of Science Society (HSS), where we have our yearly business meeting and Distinguished Lecture, and also sponsor a panel on some aspect of the History of the Human Sciences.

In addition, FHHS runs a number of prize competitions: the annual John C. Burnham Early Career Award; the biennial FHHS Article Award (in odd-numbered years); and the biennial FHHS Dissertation Award (in even-numbered years).

For more details on all of our activities, see the FHHS website: www.fhhs.org

Membership dues are voluntary, and are \$15 (US) annually (though we are grateful for any amount). Graduate students and the underemployed need only pay dues once to enroll. When more gainfully employed, they can resume paying annual dues. Claim dues exemption by notifying the Treasurer. Members without US bank accounts may pay cash at the HSS meeting or by PayPal.

Thanks for being interested in the FHHS!
