In response to a question about membership in PHS for you:

6. Membership and Benefits

The benefits of membership in PHS include:
- Automatic eligibility for all PHS-sponsored events
- discounted membership rates
- access to a variety of resources for personal and professional growth
- networking opportunities with other PHS members

In addition, membership in PHS provides the opportunity to:
- Attend educational seminars and workshops
- Participate in PHS-sponsored research projects
- Be part of a national community of professionals

2. Discussion Points

- The current state of the industry and the challenges faced by professionals
- Strategies for increasing membership and retention
- The impact of technology on the field of PHS

In conclusion, PHS membership offers a wealth of benefits and opportunities for professional development and networking.
PHYS DISSECTED PRIZE 1995

MARK SOLOVET and ETTIEN HERMAN (both featured in 7. The Physicist) were selected as the recipients of the 1995 "PHYS DISSECTED PRIZE" for their contributions to the field of physics.

The prize is awarded annually to recognize outstanding contributions to the field of physics. This year's recipients, Mark Solovet and Ettien Herman, have made significant contributions to the field of physics.

Mark Solovet has been involved in the development of new technologies for medical imaging, and his work has led to significant advances in the field.

Ettien Herman has made important contributions to the field of quantum mechanics, and his work has helped to advance our understanding of the behavior of quantum systems.

The Physicist magazine will be publishing an in-depth profile of Mark Solovet and Ettien Herman in an upcoming issue.

The prize is sponsored by the American Physical Society, and the recipients will be honored at a special ceremony during the annual meeting of the society.

We congratulate Mark Solovet and Ettien Herman on their well-deserved recognition.
The annual meeting of the Society of General Psychologists will be held Nov. 7-10, 1996, in Atlanta, Georgia. Proposals for formal papers, roundtable discussions, and workshops should be submitted by September 1, 1996. For more information, contact the Society at 800-THE-SPSP, ext. 1000.

The Great Convention

Information Age Update

The 1997 Convention of the American Psychological Association will be held in New Orleans, Louisiana, from August 1-5. For more information, contact APA at 202-293-7850.

New Program in History of Psychology

Where did it go?

Chins in Social Psychology: Where Did It Come From and Where Did It Go? by Kenneth B. Clark, University of Michigan. The effects of chins in social psychology have been significant, leading to a reevaluation of the role of gender in psychology. As a result, new programs in history of psychology have been established, focusing on the development of the field.

Fellowship

The J.R. Kantor Research Fellowship

Applications are now being accepted for the J.R. Kantor Research Fellowship. The fellowship provides funding for research projects in the field of psychology. For more information, contact the American Psychological Association at 800-374-2772.

Recent Events

Researchers from around the world gather in New Orleans to discuss the latest developments in social psychology. The conference, titled "Chins in Social Psychology: Where Did It Come From and Where Did It Go?" is sponsored by the American Psychological Association. For more information, contact APA at 202-293-7850.
