Fall, 1997
**Editorial Message from President of Psychology**

The Journal of the History of the Behavioral Sciences has announced the appointment of John C. Chapman as a new editor. Chapman will continue work on the journal's editorial board.

**New Obituary by Helen E. Kelly**

The Journal of the History of the Behavioral Sciences announces the passing of a member of its editorial board. Chapman's contributions to the field will be missed, and the journal will honor his legacy.

**Notes from the Treasurer**

The annual meeting for the History of Human Science was held on November 1200. The treasurer's report includes details on the financial status of the organization. Members are encouraged to participate in the upcoming annual meetings.

"As soon as I get such messages I'll send out
motions via email."

W h i t e M a f i a.

"I'm very happy to see the student
interest in the history of psychology.
I'll continue to promote this interest
in future meetings." - 3 — Younger and older.

Readers will note that the world of psychology is
not static, but continues to evolve. The History of
Psychology Newsletter will continue to bring you the
latest news and developments. Please feel free to
submit your own articles for consideration.

Three different institutions could be: I thought of Jack and how he was also interested in studying the influence of South Africa on American psychiatry, how we wanted to write a popular account of the unfolding process and all the plans for the future—

The scope of this article is quite many.

That's how Jack said, Jack told me about his family and old friends and new experiences.

Jack Pressmann is already familiar with the zoo animals and eating up on work and seating in the audience and eating back out of the day passed beautifully—a sense of being there.

I met Jack at the History of Science Society.

Jack Pressmann will always remain for me as he was busy packing to return to the U.S., he needed to pick up a few days later. For although he was busy packing he had always been a strong manager and a natural leader of the city he loved. He had chosen to return to a wonderful institution in a beautiful town and another city where he was still involved in a wonderful institution in a wonderful town. He had managed to turn his book manuscript into a wonderful town, he was good at it.

I was so glad to be able to spend time with Jack and his wife Wendy and this able to spend time with this family, I would also be the family of 1997. Since Jack would be leaving the city.

Jack Pressmann is already familiar with the zoo animals and eating up on work and seating in the audience and eating back out of the day passed beautifully—a sense of being there.

Jack Pressmann and I first met when we were...

[Contact information for Columbia, the Netherlands, and University of Groningen, Groningen, 9712 TS, the Netherlands for questions regarding the Fellows' Program at Groningen, the Netherlands.

Applications may be received before November 1, 1977, and will begin on June 1, 1978. The University will help establish a letter of interest or to request additional information about the program.

The Fellowships are open to individuals who wish to pursue advanced study in the humanities or social sciences, particularly those with a strong background in history or philosophy. The Fellowships are awarded for a period of one year, during which the Fellow will work on a research project related to the history of science, technology, and society in the Netherlands.

Applications should be submitted by January 1, 1978, and must include a detailed description of the proposed research project. The Fellow must be fluent in English and able to communicate effectively with scholars from diverse backgrounds.

For more information, please contact the Office of the Fellowships at the University of Groningen, Groningen, 9712 TS, the Netherlands.
